21th Story

No one there likes you, anyway.
Yeah.
Every time you try to do something, everybody gets angry
Yeah.
Then why don't you live here, instead?
Love everything to me.

Ahahahaha! You're joking right?
Actually...
I hate you, too.
You don't properly tell other people my intention
You're so weak
You only make others' people angry
You just hurt everything around you
Why would Ben Yam like you when you're like that?
Right?

So you know how many times I've saved you?

Why didn't you take me seriously?
Did you think I'm a joke?

It couldn't be from my serious confession?
This is a real life situation.

And for me, too.

I'm different from you
I'm the class president
who everybody trusts
I'm also at the top of the class.
Seong Hyuk-Yeon
Yes.
Yes
I don't need you, there are lots of other girls who would like to be mine.

So if it's possible,

Could you at least say thank you once in awhile?

Being with Sang Hyun Yoon is awkward.

I don't know how he feels.

I can't read his expressions.

But for the first time in ten years,

I think I was comfortable facing him.

Hahahahaha!

I'm sorry that this is the first image of Ji Hoon laughing in his teenage years. It is really shocking, unbelievable, insane.
